

# Creating a Ticketed Event Form

If you want to create a page to collect online registrations for an Audubon event that costs money using EveryAction, this guide shows you the best way to do it. If, on the other hand, your event is free, you'll need to [create an event signup form](#).

Having trouble viewing the presentation on this page? You can also [download this presentation and view it on your computer](#), either using [this link](#) or the link in the pop-up viewer.
