

Creating an Event Signup Form

Having trouble viewing the presentation on this page? You can also [download this presentation and view it on your computer, either using this link](#) or the link in the pop-up viewer.

If you want to create a page to collect online registrations for a free Audubon event using EveryAction, this guide shows you the best way to do it. If, on the other hand, your event costs money, you'll need to [create a ticketed event form](#).

Also of note: If you're interested in creating a **volunteer registration form**, this is also a great way to do it.
